Attachments: Shortened DB Comment Table Jan 2020 Highlighted LC.docx

I'm still working on the shortened table. I added a column called "legal context" and am identifying subject matter per how we would think of them, not per Cadmus categories. Attaching a copy now, though I am not done.

Hi - Is this document the best one for me to look at if I want to see all of the comments?

We got this document back from Cadmus; it categorizes all the comments. I will also forward you another email from Valois that separates out the comments she thinks she will need ORC to respond to without them writing a first draft.

Subject: Categorized comment document from Cadmus

Attached is the categorized comment document from Cadmus containing both the 2017 and 2019 public comments. The 2019 public comments can be identified by looking at the first column on the left-Letter ID - 2019 comment numbers are greater than 8000.

At this point we are just reading over the comments to identify if any changes are needed to the DB documents. Cadmus will deliver the 1st draft of the Response to Comment document the end of February. That's when we start digging into the responses to comments.
